

Joe Johnson Equipment Expands North American Footprint: In Montana and Wyoming

Joe Johnson Equipment, LLC (JJE) one of North America's largest infrastructure maintenance equipment dealers is pleased to announce the addition of a new location in Billings, Montana.

JJE is the new Elgin/ Vactor dealer for the territory; providing a well-stocked, full selection of OEM parts, and on-site and mobile service for the new, used, and rental equipment we offer.

We are excited to be your Elgin/Vactor parts, service, and sales distributor.

JJE specializes in serving municipalities and contractors across North America with high-quality products which include street sweepers, sewer cleaners, variety of vacuum trucks, and road maintenance equipment.

Customers can expect the industry's best-in-class service and technical support when dealing with our experienced and knowledgeable team. We are proud to become new members of the local business community and look forward to serving the needs of municipalities and infrastructure maintenance contractors.

Michael Rugeroni

Vice President, Federal Signal Aftermarket

About Elgin

Over the first century, Elgin Sweeper has developed a product line which offers the latest sweeping technologies to municipalities, contractors, airports, and industries. Elgin Sweeper has established an impressive network of professional dealer partners as well, with more than 100 dealer locations around the world providing unmatched customer service and expertise. Elgin equipment utilizes all variations of today's sweeping technology — mechanical, pure vacuum, regenerative air — and now alternative fuel and waterless dust control — to offer customers the sweeper that matches their needs.

About Vactor

Environmental commitment is inherent to the design and function of Vactor products, exemplified by the sewer cleaners keeping sewer and storm lines clean for enhanced water quality. Vactor demonstrates this commitment by maintaining ISO 14001:2004 certification. Vactor has been the leader in manufacturing sewer cleaners and hydrovacacs with technological innovation and custom configurable design. Vactor produces a wide variety of Combination Sewer Cleaners, Catch Basin Cleaners, Jetters and Hydro Excavators.
