

## Joe Johnson Equipment (JJE) Expands Product Offering. Now a TRUVAC® Distributor in Colorado.

Joe Johnson Equipment is pleased to announce that effective April 1st, 2023, JJE will provide sales, service, and parts for TRUVAC® product lines in the state of Colorado.

Dedicated to advanced, safe-digging technology, TRUVAC® brings superior performance and unmatched productivity to the vacuum excavation industry. When it comes to craftsmanship, engineering, innovation, and reliable service, TRUVAC® is the industry standard. TRUVAC® joins Elgin, Vactor, Labrie, and Trackless as the latest addition of infrastructure maintenance equipment offered by JJE.

At JJE, our team of experts is ready to support Colorado's contractors, municipalities, and communities.

"We are proud to demonstrate our continued commitment to customers in the state of Colorado with the addition of TRUVAC®. This milestone is yet another reason to celebrate as 2023 marks JJE's 35th year in business.

As the industry-leader, TRUVAC®'s product line-up will provide innovative solutions for vacuum excavation."

- Jeff Johnson, Vice President, Joe Johnson Equipment
